ELN101 Extra Week 09

Identifying Countries with their Official Language(s)

Fall 2026 • Prof. Tomonori Nagano <tnagano@lagcc.cuny.edu>

Names: _____

Which country is it? Identify **20 countries** from their language clues. Start with a few familiar examples, then try countries with several official languages. Use each country in the answer bank once. Each correct answer earns **0.5 bonus point**.

An **official language** has a formally recognized government role. These clues focus on spoken languages at the national or federal level, with Japan's de facto status noted separately. They do not list every community language, regional policy, or signed-language recognition. Official status does not mean everyone speaks the language.
